The total postal face value of the lot is just shy of \$2,600 and is fairly evenly divided between individual subsections in the following manner - Marshall Islands \$980, Palau \$715, Micronesia \$900, - all housed in separate stock books. In every case the make up of the subsection is similar as individual stamps are presented alongside hundred of souvenir and miniature sheets, as well as complete sheets of 12-16-20 stamps or complete booklets. The collection represents a very comprehensive coverage starting in the mid 1980s and going to the early 2000s and should appeal to collectors due to relatively low duplication levels, alternatively the high postal face value is a quality in itself, VERY FINE, og, NH	FACE	2,595.00	376	0	[VALUABLE USED STOCK]of many thousands of mostly 19th Century crammed into an old stockbook, with quantities ranging from one to twenty or more, strong in commemoratives with Columbians including 50¢ (19), \$1.00 (6), \$2.00 (9), \$3.00 (2), \$4.00 and \$5.00, Trans-Mississippi with 50¢ (10), \$1.00 (2), also many Pan-Americans, Louisiana Purchase, Jamestown, Panama-Pacific and ending with the Erickson issue, then five pages crammed with duplicated classics and regular issues including 1851 to 12¢, 1857 to 24¢, 1861 to 90¢, 1867 grills to 30¢, 1869 to 30¢, numerous Bank Notes to 90¢, Bureaus with \$1.00 (25), \$2.00 (3) and \$5.00 (5), 1902 issue with \$1.00 (12), \$2.00 (4), and \$5.00 (2), then some high value Washington-Franklins, a set of Kans-Nebr. and Airmails including eighteen sets of the first issue, eight sets of the second issue, and a 65¢ Zeppelin, the catalogue value is huge, but condition is all over the place so careful viewing is essential. 522	*0	[GREAT BRITAIN] Classic philately emphasized the study of minute varieties on classic stamps and the early stamps of Great Britain are among the most specialized in the world. Nearly every one of the thousands of stamps in this wonderful 83 volume (!) collection (in five large cartons) is identified by the Stanley Gibbons Victoria specialized catalog number, along with identifying characteristics (the vast majority of the stamps are different Gibbons varieties, not just quantities of the same stamp). The quality is excellent and the collector spent thousands of hours researching, mounting and neatly annotating this collection (and he spent over \$100,000 on it as well). Neatly cataloged by the 2006-2008 Gibbons catalog, the collection has a Gibbons value L585,000= \$790,000). We flat scanned one volume just as a taste of what you get (remember the collection is 83 volumes). One of the nicest, specialized Great Britain collections in existence offered completely intact, at a very attractive price. This is a specialist's collection. 1436	*	[GERMANY] Between 1921 and 1924, Germany was required to pay to Great Britain and France reparations as a result of defeat in World War I. As a result, the value of the Deutsche Mark depreciated tremendously. Originally meant as a device to decrease the real cost of these reparations, currency inflation soon got so out of hand that this period of German history has become a paradigm for fiscal irresponsibility. The Mark went in value from four Marks to the U.S. Dollar in 1914 to 4.25 trillion(!) Marks in 1924. 1440		[GERMANY] Between 1921 and 1924, Germany was required to pay to Great Britain and France reparations as a result of defeat in World War I. As a result, the value of the Deutsche Mark depreciated tremendously. Originally meant as a device to decrease the real cost of these reparations, currency inflation soon got so out of hand that this period of German history has become a paradigm for fiscal irresponsibility. 1584 *0	[ISRAEL] Very comprehensive and in-depth collection of close to 1,500 different mostly mint issues covering the philately of Israel well into the last decade of the 20th century contained in a large carton. The collection is built around two Scott Specialty albums with number of early period issues with tabs etc, but then an attractive feature of the collection is an inclusion hundreds of pages with very informative annotations displaying much more obscure peculiarities of Israel's philately like early Palestine overprints, local issues, charity stamps and so much more. Individually just some of the standouts include mint [#7-9 (NH), 10-14 (with tabs NH),] attractive Palestine stamps including mint [#79,] and much more. The collection is further enhanced by over 500 First Day Covers as well as some 300 postally used covers, and dozens of tax forms with stamps attached etc., essentially a very well rounded collection, VERY FINE, mint og, many NH (We scanned only the first 25 pages of one of the Scott albums)	SB	4,500.00	1593 *	[(10-14, 14a),] VERY FINE, og (#10 & #14 no gum)	CV	3,342.00

The lot could be broken down into hundreds of individual lots presenting modern Polish philately in a comprehensive manner as scores of stamps are included with se-tenant labels, usually only footnoted in Scott catalog. Ultimately the lot should appeal to dealers working with the Eastern European philately as such quantity of pristine never hinged modern sheets are seldom encountered in one lot, VERY FINE, og, NH</p>	SB	30,000.00	1913 *0	<p>[POLAND] Huge accumulation of thousands upon thousands of mint and used issues covering the Polish philately of the mid 20th century going from the 1940s to the 1980s. The lot combines postal issues with an extensive selection of postal covers, first day covers and other philatelic items like postcards etc. The lot is dominated by the Polish postal issues and just the stamps alone add up to roughly \$38,000 in catalog value, then there are hundreds of articles from outside Poland. This is a massive lot contained in six large cartons (nearly two cartons are taken up by covers, postcards etc.) and should appeal to dealers looking for breakdown value as duplication is generally high throughout. One notable standout section is the Butterflies issue of 1991 that is duplicated in vast quantities (includes over a thousand complete sheets as well as souvenir sheets!), gen. 1914	CV	[POLAND - FIRST DAY COVERS] Massive accumulation of over 25,000 first day covers bearing Polish stamps from 1954 to 2000 housed in eleven large cartons. Despite the massive scope of the lot it is very well organized in chronological order with roughly 1,500 different covers. The duplication levels are progressive as the time goes on changing from 4-6 to 20-30 in the 1980s. An attractive feature of the lot is very meticulous inclusion of such philatelic curiosities like regular first day cover followed by the same cover with an airmail sticker 'Par Avion' on it as in many instance the Fischer catalog points out the difference between regular and airmail covers. The lot is clearly aimed at dealers looking for breakdown and resale value simply due to the scope of the lot, since the lot could be easily broken down into couple dozens similar smaller lots covering the Polish philatelic history in great detail especially the period from 1960s to mid 1990s, VERY FINE	SB	6,000.00	identified and mint and used issues housed side by side. The lot includes moderate to high duplication levels where most issues are duplicated 20-30 times, in some cases much higher. Virtually all the mint issues are never hinged and in total the catalog value would be roughly in the region of \$8,500! The lot also includes couple hundred covers from the period. 1915	CV	[POLAND - DEALER'S POSTAL HISTORY LOT] An extensive selection of well over 25,000 philatelic articles from the second half of the 20th century including postal covers, FDCs, as well as huge number of postcards, postal cards and other. This massive lot is housed in 8 large cartons. One of the distinctive subsections of the lot would be an accumulation of roughly 5,500 first day covers from the late 1950s going all the way to 2008, high percentage of sets are presented on multiple covers. Overall number of postal cards is twice as high with over 11,000 including great number of touristy and commemorative cards along with traditional postal reply cards. All of the postal cards and first day covers are very neatly organized in chronological order, grouped by year of issues, with all the duplicates grouped by year of issue or occasion. The only exception would be the personal correspondence, which includes some foreign letters, but generally in some way related to the general theme of Poland. Duplication is in many cases relatively high, and the lot would be most appealing to dealers looking to break it down into smaller lots. While the duplication is generally high, in many cases, and especially so in the case of first day covers, the duplication is rather uniform and thus accommodating to forming multiple comprehensive collections covering the second half of the 20th century. Great lot for dealers working with Eastern European philately, VERY FINE. To facilitate the collecting of nineteenth century stamps (that is, stamp issued for 1900-2000) in 1902 the Scott publishing company put out a wonderful leather bound two volume album with spaces for every Scott listed stamp to1900. The collector's grandfather, who made this collection, was the original owner of the albums and the originator of the collection. The collection is very well filled throughout with nearly all Very Fine stamps loaded with smaller countries and colonies. We ran a quick catalog value of only the genuine items (and over 98% is genuine but some stamps as Saxony #1 are sketchy and we didn't count them) and we came up to over \$275,000 in the current Scott catalog. The collection starts with the infancy of philately and goes well into the mid 1990s presenting an appealing selection of European and Latin American countries mixed with French colonial issues and an extensive subsection of Commonwealth stamps, including many high value Silver Wedding omnibus stamps. Notably good number of European countries include sizeable mint subsections covering the first half of the 20th century like Bulgaria (especially 1930s-50s), and many others. Very nice group! Gen. VERY FINE, mint og, many NH</p>	SB	6,500.00		<p>[MINT INTERNATIONAL STOCK] An extensive mint modern stock selection of well in excess of 10,000 stamps covering primarily the last two decades of the 20th century. The selection is very diverse and includes numerous issues from the region Oceania (Solomon Islands and Tonga dominating in this section) alongside many complete mint sheets from Guyana (high cumulative catalogue value) as well as separate worldwide British Commonwealth section and Cuba. All in the catalogue value for the entire lot would exceed \$25,000 so this lot should appeal to dealers looking for modern never hinged issues and resale potential. Very nice mint never hinged accumulation of over 5,000 stamps from around the Oceania with most issues coming from Tonga, Solomon Islands, Tuvalu, and Wallis and Futuna. All the stamps are neatly stored in Scott identified glassines separated by country and in general represent a comprehensive coverage of the postal issues from the region mostly focusing on the period from 1980 to the early 2000s. The duplication levels are heavy at times with some sets present in stock quantities, but generally the numbers of duplicates are manageable and could be easily broken up into individual selections. In more detail the size of subsections can be judged from the respective catalog value for individual country sections (indicates Scott catalog value after the section): Nauru \$55 Solomon Islands new \$1830 Vanuatu \$592 Samoa \$40 Tuvalu new \$925 Wallis & Futuna \$820 Tokelau new \$280 Tonga new \$1230 New Caledonia (modern) \$443 New Hebrides \$59 New Zealand old \$370 modern \$740, VERY FINE, og, NH [BRITISH EMPIRE - MINT STOCK] A very diverse mint stock accumulation of roughly some 2,000 stamps from all over the British empire housed in approximately 500 glassines (contents range from single stamp to complete sets, mostly duplicated 3-4 times). VERY FINE, og, many NH [CAMBODIA] Modern virtually all mint stock accumulation of over 1,500 stamps housed in Scott numbered glassines covering the period to 2000. The last two decades of the 20th century account for the bulk of the catalog value as modern mint sets with higher postal value command higher prices. The duplication throughout is manageable, but some sets are present in stock quantities and include 50+ duplicates, VERY FINE, mint og, most NH [GUYANA - MINT MODERN SHEETS] An appealing dealer stock of thousands of mint never hinged issues mostly from late 20th century and mostly in complete sheets as issued</p>	SB

One of the largest subsections accounting for close to 1/3 of the volume of stamps is all mint virtually complete collection of some 2,500 stamps covering Russian philately from 1970 to 1990s. Apart from Soviet Union one could expect to find a very eclectic selection of 19th century issues from Italy, France, Britain, but mint modern stamps from the late 20th century certainly form a core of the selection. France proper with individual standouts like [#1100,] a footnoted complete sheet of 8 stamps and 8 labels, as well as an extensive selection of French community issues with hundreds of modern souvenir sheets from former French colonial subjects. The lot includes very high ratio of higher value souvenir sheets altogether, not just from French area, as some fifty souvenir sheets are dedicated to Disney issues, primarily from British Commonwealth.
