VERY FINE APPEARANCE. AN IMPRESSIVE DOCUMENT  
CONTAINING \$1,500 IN REVENUE TAXES, AND ONE OF THE  
LARGEST FRANKINGS EXTANT OF THE \$200.00 FIRST ISSUE  
REVENUE STAMP.

The Morris & Essex Railroad Co. (M&E) was incorporated in 1835 to build a line from Newark to Morristown N.J., which was later expanded. Other expansions, made M&E a serious competitor to the New Jersey Railroad (N.J.R.R.). In 1865, the Atlantic and Great Western Railway (A&GW) leased the M&E as part of their plan route to the west. The document

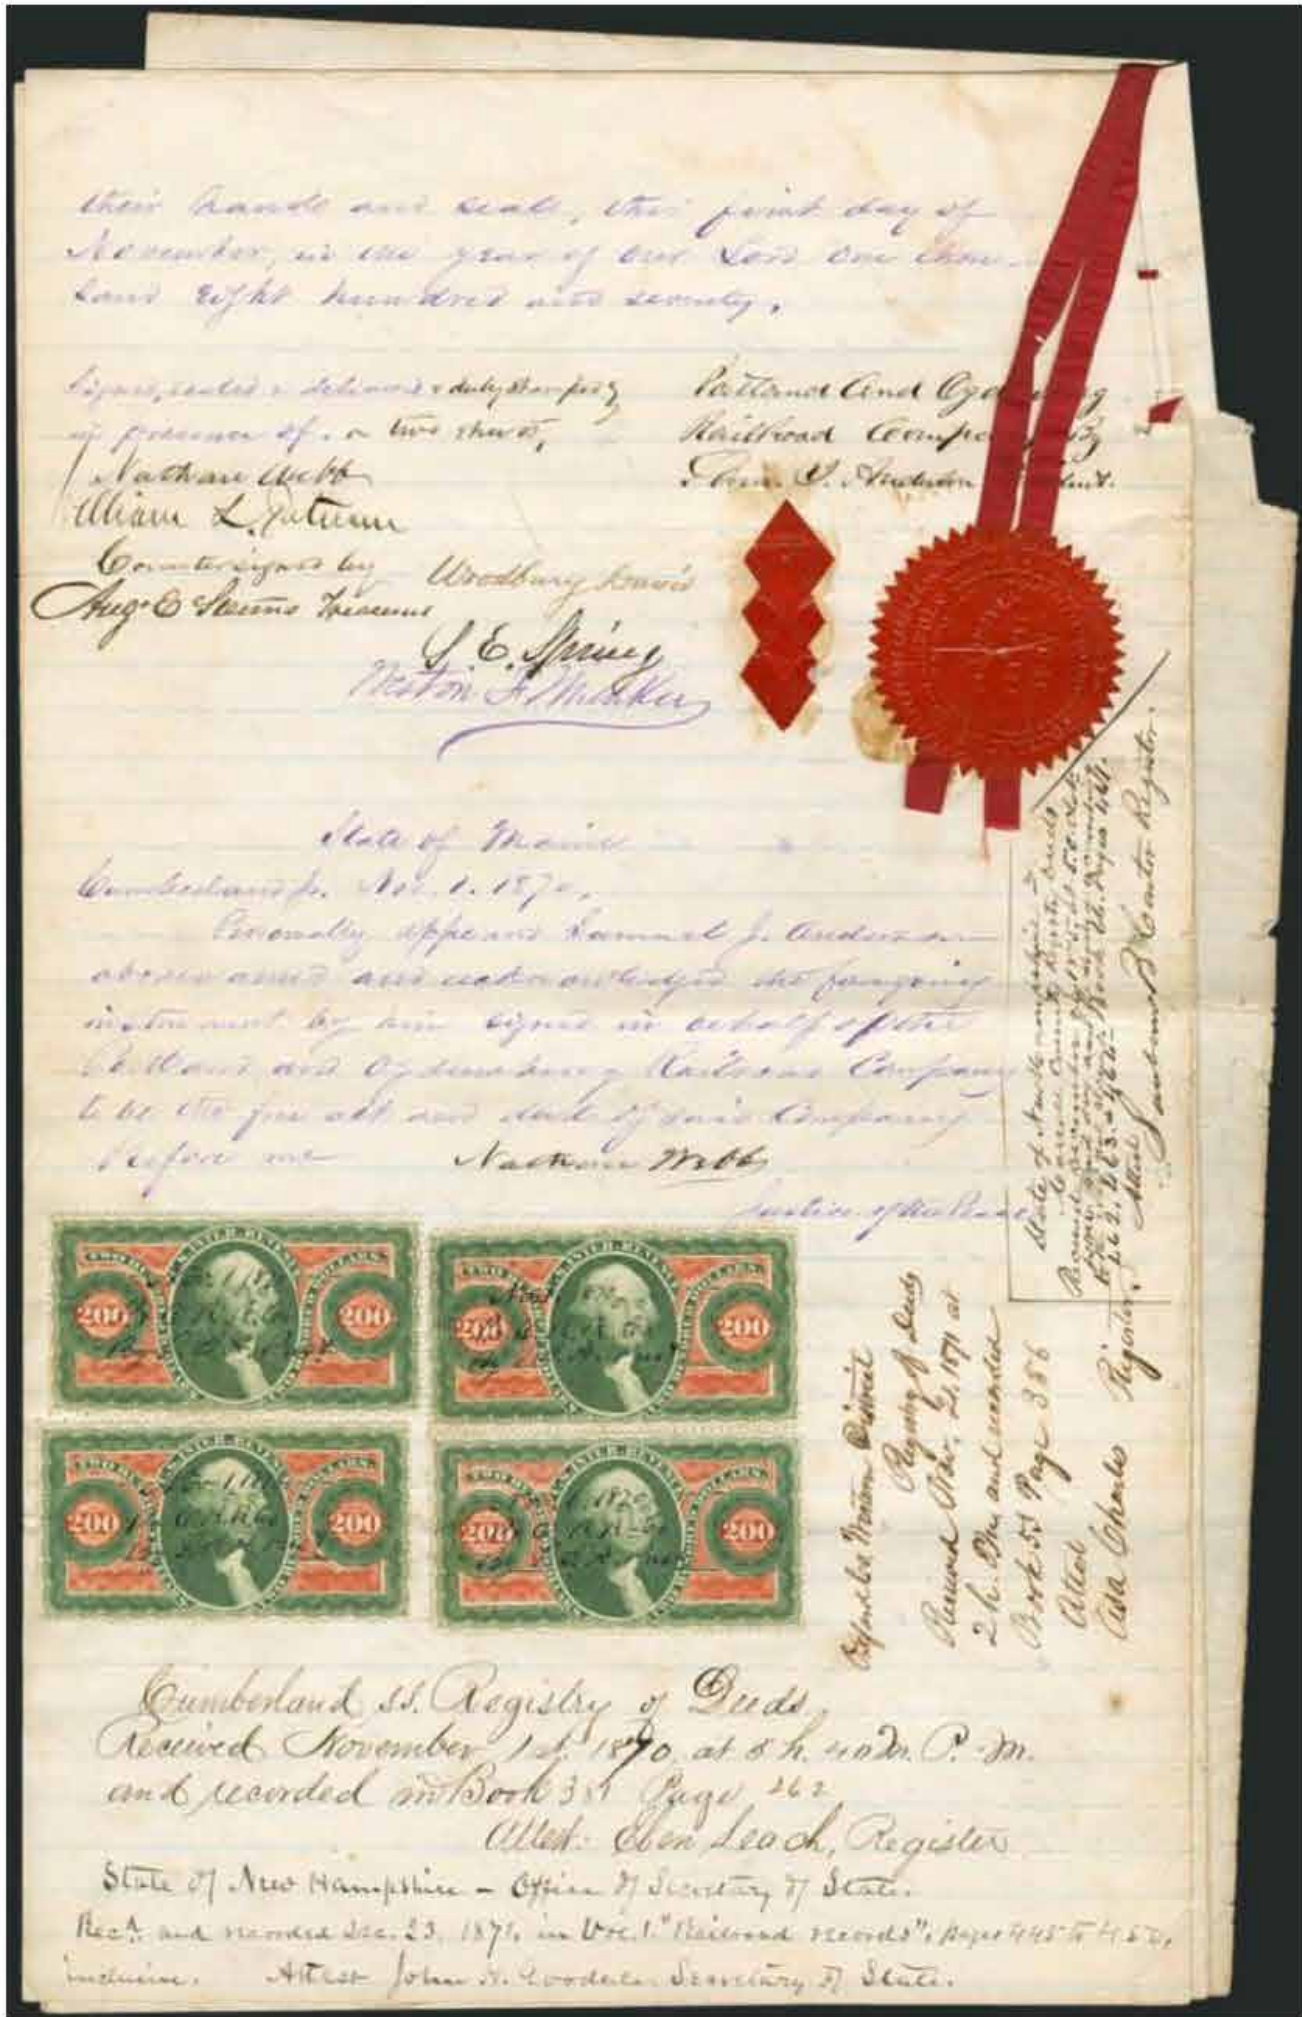

offered here is this lease. Shortly after this lease was signed, the A&GW went bankrupt (in 1867) and the lease was cancelled. M&E continued to operate as a separate railroad until 1945, until after a series of mergers it became part of the Erie-Lackawanna Railroad.

The \$200.00 First Issue Revenues were issued in sheets of eight. The payment on this document represents \$20,400.00 in today's dollars, which is a hefty tax bill for a lease. According to <http://thecurtiscollection.com> , this is the largest recorded multiple on its original document.

According to [www.thecurtiscollection.com](http://www.thecurtiscollection.com), this is the only recorded block of the \$20.00 Second Issue issue. A strip of four is also known, as are three strips of three. In our opinion this design is one of the most beautiful examples of stamp engraving ever produced, incorporating the allegorical images of Manufacturing, Mechanics, Commerce and Agriculture into the frame surrounding Washington's portrait, and with a marvelously detailed depiction of the U.S. Treasury building at top.

Scott Retail as two pairs does not remotely reflect the rarity and value of this block.
